क्रमांक : 022116616
SL No :

पेटेंट सं. / Patent No. : 388392
आवेदन सं. / Application No. : 202021043586
प्रग्न करने की तारीख / Date of Filing : 07/10/2020
पेटेंटी / Patentee : CHANDANE GIRISH NATHURAM

प्रमाणित किया जाता है कि पेटेंटी को उपरोक्त आवेदन में बचाप्रकटित CELLSAFE MULTIFLOW ELECTRONIC AND MAGNETIC WATER CONDITIONER. नामक आविष्कार के लिए, पेटेंट अधिनियम, 1970 के उपबंधों के अनुसार आज तारीख 7th day of October 2020 से बीस वर्ष की अवधि के लिए पेटेंट अनुदान किया गया है।

It is hereby certified that a patent has been granted to the patentee for an invention entitled CELLSAFE MULTIFLOW ELECTRONIC AND MAGNETIC WATER CONDITIONER. as disclosed in the above mentioned application for the term of 20 years from the 7th day of October 2020 in accordance with the provisions of the Patents Act, 1970.

अनुदान की तारीख : 03/02/2022
Date of Grant :

पेटेंट नियंत्रक
Controller of Patent

टिप्पणी - इस पेटेंट के नवीकरण के लिए फीस, यदि इसे बनाए रखा जाना है, 7th day of October 2022 को और उसके पश्चात प्रत्येक वर्ष से उन्नी दिन तक होगी।
Note - The fees for renewal of this patent, if it is to be maintained will fall / has fallen due on 7th day of October 2022 and on the same day in every year thereafter.

Autofill Systems.

WHY ONLY US ????????.....

We are the first and only one having a patent by Govt of India. 6 design patents are in process.

We are mfr. of Each & everything in house and we do not depend on anybody for technology support.

Very thorough sound technical knowledge of this technology.

25 years of Innovative product invention and manufacturing experience.

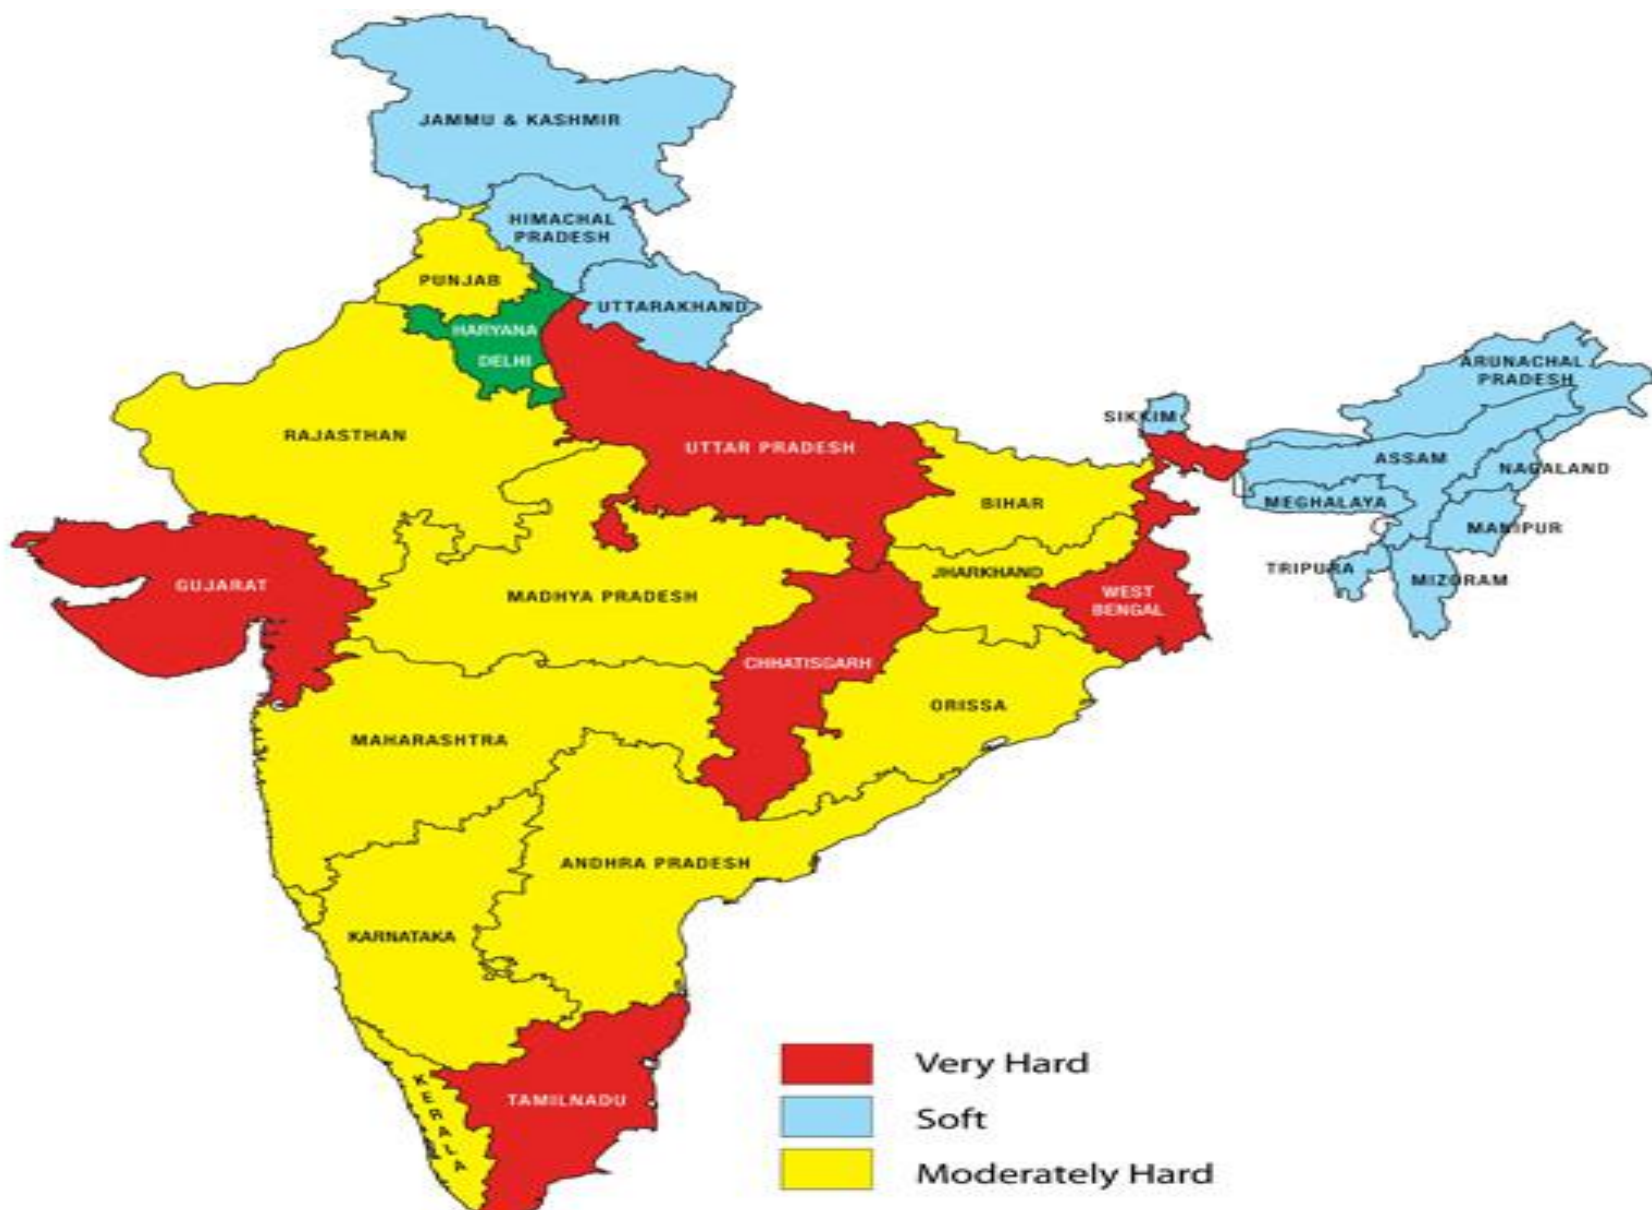

We are a sole proprietorship firm established in the year 1998.

Since then the company has grown from a small business

•
Our Focus Is Very Very
Clear,

*“Perfecting
Water
Conditioners”*

• More than 70 to 80 % of India is affected by “moderately hard” to “very hard” water.

We do a simple thing.

We physically treat your hard water. Without any recurring cost. Users will get soft water which is nothing but a miracle for Agricultural, Domestic and Industrial use.

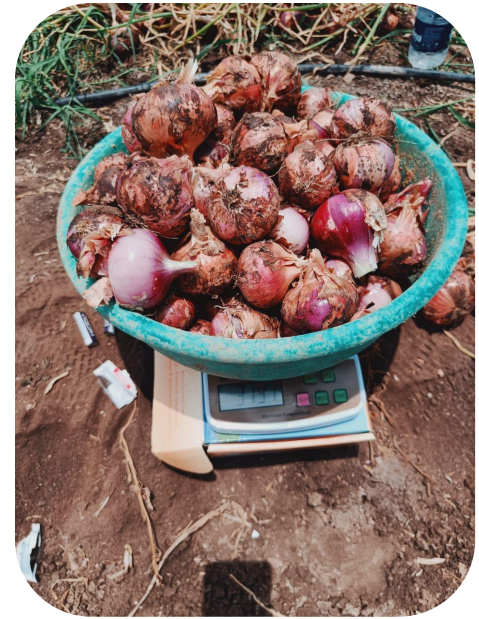

- *Our focus is on the agricultural segment.*
- Hard water is a huge issue in agriculture all over India and World. Day by day, water becomes very hard for any agriculture.
- We have thousands of farmers using water conditioners with AMAZING MIRACLE results.
- These are some examples.

- Case study 1.
- Vithal Pawar Solapur: invested 70,000 rs. And ROI per year 18 lac ON 30-acre
- GANNA crop increased from 55 tons to 80 tons per acre. In the last four years, the total ROI is 72 lacs and still counting.
- Case study 2.
- Subash Gangthade, a farmer from Pandharpur, can now save 50% water. YES YES CORRECT 50 % using water conditioner technology.

- Case study 3.
- Shri Dusande Ahmednagar: invested 35000 ROI
350,000 in 5 months on tomato crop.
- Case Study 4.
- Urmil Gala from KUTCH: using water
- conditioner from last
- Three years and getting
- amazing results in every crop.
- He is now Kutch Exclusive Distributor.
- Case Study 5.
- Shubham Pansare Solapur: last year, he needed to use a 55-hp tractor for farming as the soil is very hard. Now, only 28 HP tractor as the soil is very soft and pores.

Two Miracle outstanding case studies :

- Farmer Name Kolte from Buldhana . was able to save 6 00,000 rs. (fund for 2 km pipeline and good quality river soil for soil Improvement.) We firmly say we make ARTIFICIAL RAIN WATER because our treated water almost works like rainwater. But for this, we do not use any chemicals or recurring costs.
- Farmer name Shri Shende tried to get ONION crop in COMPLETE IMPOSSIBLE SEASON THAT IS 15 th FEB ambient temp min 43 degrees to 45 degrees. But because of the water conditioner, the ROOT Zone is so good that it solved the 45 degree Ambient temp issue. It also means we have the solution to fight Global Warming in the Agricultural segment.
